Guide – View Your Channels and Listings

Selecting **Guide** brings up your channel lineup and listings so you can see what's airing up to two weeks out.

You can filter programs by HD, Movies, Kids, Sports and more. Hit **Info** on your remote to learn more about a specific TV show or movie.

You can also mark TV shows, movies, actors and sports teams as favorites to easily keep track of what you like.

Saved – Your Home for DVR Recordings, Bookmarked Favorites and More

Choose **Saved** in the main menu to access the following:

For you: Find shows that have been recently recorded, recently watched or recommendations based on what you've watched. Also displays favorite channels and recently accessed apps.

DVR: Record up to 4 shows while watching another TV show live. Press **●** on your remote to record one program or the entire series.

View upcoming recordings under **Scheduled**.

Watch shows under **Recordings**. See your recordings to manage your storage capacity. To delete a recording, highlight and press **◆** on your remote. You can restore a deleted recording from the **Recently Deleted** folder.

Favorites: A shortcut to your favorite movies, programs, series, personalities or sports teams.

Purchases: Locate a movie or TV series you purchased from XFINITY On Demand™ and watch anytime you want.

On Demand – Thousands of Choices Available Instantly

Enjoy the best selection of current TV shows, hit movies and kids' programming with XFINITY On Demand™ — most are available to watch for FREE. Plus, the latest episodes of the top 100 shows are preloaded and ready to watch when you are.

Press the  button and use the arrows to highlight **On Demand** to browse through the library of programs.

Shows are easy to find with poster artwork that is organized by category, network and genre. Narrow your search even more with filters. Go to the top of your screen, press  while highlighting **Filter** or **Sort**. Filter by:

- Free for Me or All
- HD or 3D
- For You
- Most Recent
- Popular
- New Only
- Closed Caption and Video Description

XFINITY On Demand™ programming requires subscription to TV service package with XFINITY On Demand programming. XFINITY On Demand selections subject to charge indicated at time of purchase. Not all services available in all areas. Pricing and services subject to change. Limited Basic Service subscription required to receive other levels of service. Call for restrictions and details.

Search – A Better Way to Find What You Are Looking For

Using the number buttons on your remote, start typing in the corresponding letters of an actor, channel, title or genre and get instant search results across live TV, XFINITY On Demand™ and your X1 DVR.™

The Blacklist available on NBC and with XFINITY On Demand

By pressing the **LAST** button, you can seamlessly flip to your most recently watched shows, DVR recordings and XFINITY On Demand programs while watching TV.

Settings – Set Viewing Preferences and Parental Controls

Select  in the Main Menu to manage the following:

- **Menu Preferences** include changing the background darkness level and auto-tuning to HD channels.
- **Help** provides access to tutorials to learn more about X1.
- **Device Settings** include options for closed caption, video resolutions, audio settings and light brightness of your set-top box.
- **Parental Controls** allow you to restrict viewing on your TV. Visit comcast.com/parentalcontrols for more information.

Backup Battery

A battery backup and battery monitoring are not provided free of charge to new XFINITY Voice customers. A backup battery (including monitoring) can be purchased to insert into your XFINITY Voice modem to provide additional hours of service during a power outage. If you do not have a battery backup, you will not be able to use this service, including the ability to make emergency 911 calls during a power outage. Backup batteries are not available for purchase from Comcast by Unlimited Select and Local Select customers.

Please call [1-888-972-1261](tel:1-888-972-1261) to purchase a backup battery. For additional details, please visit comcast.com/voicebattery.

Unlimited Select and Local Select Customers in Virginia and West Virginia Only

- Calls to 911 will not be completed if there is a problem with network facilities, including network congestion, network/equipment/power failure on our network or another technical problem. 911 calls may be interrupted during a power outage to your home where power to Comcast's network remains available.
- For information about Alarm Systems, Medical Monitoring Devices, Personal Emergency Alert Devices and Home Detention Devices, go to comcast.com/voice-unlimited-select.
- For information about Unlimited Select and Local Select service areas, go to comcast.com/voice-unlimited-select.

Troubleshooting Your XFINITY Services

Try these quick tips for general service issues:

Comcast ID Recovery

- If you have forgotten your Comcast ID, visit mycomcastid.com.

No Dial Tone

- Make sure all phones are on the hook and that cordless phone batteries are charged.
- Try to plug a working corded phone into different jacks to find out if the problem is isolated to one phone or one jack.

Trouble Getting Online

- Check all your power and cable connections.
- Turn the modem off and on.

Not Receiving Calls

- Check the ringer on your phone to make sure it is turned on.
- If the phone rings a half ring on incoming calls, Call Forwarding may be activated.

TV Reception Information

The cable we have installed in your home is safe and reliable for carrying cable TV signals. Here are a few tips to keep it that way:

1. During severe electrical storms, you should unplug your TV set and set-top box to avoid damage.
2. Make sure the electrical cord is not worn or damaged.
3. Do not attempt to open or otherwise tamper with your set-top box.
4. If someone other than Comcast installs the inside wiring in your home, make sure it complies with applicable governmental regulations and does not interfere with the normal operations of the cable system and other communication systems.
