

battery xfinity®

UBEE DVM3203B

INSTALLATION AND REPLACEMENT

Enclosed is a replacement battery for your Modem.

The battery is easy to install as outlined in the instructions below.

1. Open battery compartment door.

2. Insert battery with label facing you (following direction of arrow).

3. Be sure the battery is placed fully into compartment.

4. Close battery compartment door.

The battery can take up to 24 hours to recharge but your modem will be fully operational during this process.

Comcast.
