

Instructions: Place these stickers on or near equipment used in your household with XFINITY™ Voice.

**E911 Notice
for XFINITY™ Voice**

FCC rules require that IP-based phone providers remind you about these important 911 facts: Comcast needs a correct service address to deliver your proper location information to E911. If you move XFINITY Voice equipment to a different address, call Comcast at 1-800-XFINITY. XFINITY Voice uses the electrical power in your home. You may not be able to make 911 calls if there is an extended power outage or XFINITY Voice experiences network or other technical problems.
