

Addison Police Department

Dear New Alarm User:

Alarm User means any person on whose premises an alarm system is maintained within the Village, with the exception of alarm systems on motor vehicles or on proprietary systems which have the control system located within the premises and under the supervision of the proprietor of the protected premises.

Each person within the Village of Addison who wishes to install an alarm system in his/her home, place of business, or other premises, shall obtain an alarm user's permit for each separate system he/she wishes to connect.

Applications for permits to maintain and operate an alarm system shall be filed with the Chief of Police on the invoice supplied, with a permit fee of ten dollars (\$10.00). The annual permit fee shall be due and payable to the Village of Addison on January 1st of each year. There shall be no refund of any unused portion of this fee. (Sec 14-28)

False Alarm means the activation of an alarm system through mechanical failure, malfunction, improper installation, or the negligence of the owner or lessee of an alarm system or local alarm system or of his employees or agents. **False alarm** does not include alarm signals activated by violent conditions of nature, telephone line interruptions, acts of God or other extraordinary circumstances. (Sec 14-32)

The Chief of Police shall not charge an alarm user for the first two (2) false alarms during any calendar year. A false alarm fee of fifty dollars (\$50.00) for each false alarm in excess of two (2) but less than five (5) in any calendar year, transmitted by an alarm system, shall be charged to the alarm user. A false alarm fee of one hundred dollars (\$100.00) for each false alarm in excess of four (4) but less than eleven (11) in any calendar year, transmitted by an alarm system, shall be charged to the alarm user. A false alarm fee of two hundred fifty dollars (\$250.00) for each false alarm in excess of ten (10) in any calendar year, transmitted by an alarm system, shall be charged to the alarm user. Such charge shall be payable to the Village of Addison and remitted to the Police Department by the alarm user upon receipt of a statement for such charge. Excessive alarm activations of 10 or more false alarms will result in a recommendation that the alarm users permit be revoked. (Sec 14-33A)
