XFINITY Home Security  
2714 South Shackleford Road  
Little Rock, AR 72205

We would like to welcome you as a new customer of XFINITY Home Security!

Certain municipalities in Arkansas require home security system users to obtain an alarm registration/user permit. It is your responsibility to comply with these requirements. **If you fail to do so, the municipality could delay or refuse to dispatch emergency personnel and/or assess you fines.**

As a courtesy, we have compiled the requirements for some areas that require an alarm registration/user permit on the reverse side of this letter. This list is not exhaustive and you should confirm registration requirements with your municipality.

Once you receive your permit (where required), please login to the subscriber portal at [www.xfinity.com/xhsportal](http://www.xfinity.com/xhsportal); go to the **Security** menu, select "**Emergency Dispatch Setup**" and enter your permit number along with the expiration date at the bottom of the page.

Please contact your local municipality with any questions regarding alarm registration and user permits.

Thank you,

XFINITY Home Security Team  
1-800-XFINITY
