We would like to welcome you as a new customer of XFINITY Home!

Certain municipalities in Maine require home security system users to register their systems with the local police and/or fire departments. It is your responsibility to comply with these requirements. **If you fail to do so, the municipality could delay or refuse to dispatch emergency personnel and/or assess you fines.**

As a courtesy, we have compiled the requirements for some areas that require an alarm system registration on the reverse side of this letter. This list is not exhaustive and you should confirm registration requirements with your municipality.

Once you receive your local area's alarm system registration (where required), please login to the subscriber portal at www.xfinity.com/xhsportal; go to the **Security** menu, select "**Emergency Dispatch Setup**" and enter your alarm system registration number along with the expiration date at the bottom of the page.

Please contact your local municipality with any questions regarding alarm system registration.

Thank you,

XFINITY Home Team
